As an enrollee in this discipline, I am aware of the sporting equipment involved, circumstances of its use and consequences of its misuse. I am aware of the fact that there is a potential for physical harm to my child if precautions, safety, and training are not followed. With respect to this potential danger, those volunteers that are coaching and providing the instructional training will deem it necessary to instruct and discipline from time to time for the best interest of all involved. The foremost concern is safety, with skill attainment, and enjoyment second.

I am also aware and understand that my child from time to time will be touched, moved, and held in a manner to assist positioning, balance, comfort and provide continuity in curriculum training for the discipline being taught.

I am also aware that even though my child is enrolled in the 4-H Group Accident Policy, it is a very limited secondary policy that is not adequate insurance coverage. I understand it is my responsibility to provide added coverage for accident and liability at my own expense.

I am aware of the program, instruction and training being taught, requirements of the shooting discipline, the risks involved, and potential dangers if safety is not followed.
