University Graduate Council (UGC) Student Representative

UGC serves to advise the Dean on matters of policy. Its key activities are to make recommendations to the Dean about graduate programs and curricula and to promote all aspects of graduate education and the success of graduate students.

One graduate student in good standing represents the graduate student body and provides a student voice to policy discussions by serving as an ex-officio non-voting member. The Graduate Student representative serves a one- to two-year term.

UGC has two regularly scheduled meetings each month during the academic year. During Fall 2020 the meetings will be held via Webex. In the spring, it is possible that the meetings will be held at the MSU Bozeman campus with off-campus members participating through teleconference or videoconferencing technology.

Name: _____

Department/Major: _____

Degree Being Sought: Master's Doctoral

Expected Graduation Date: _____

Email Address: _____

Please describe (maximum of 500 words).

- Why are you interested in becoming involved with graduate education at MSU?
